Introducing DECOVIEW... security with style

Decoview is revolutionising the security screen industry by bringing together stunningly designed decorative laser cut panels with high level home security.

- Beautiful, Unique Designs
- Custom Sizes Made to Measure
- Durable Aluminium Construction
- Extensive Range of Powder Coat Colours
- Superior Air Flow
- Australian Designed and Made
- Quality Lock Components
- 10 Year Warranty

Thanks to the latest state of the art CNC laser cutting technology you can choose from numerous laser cut or perforated designs. Alternatively, customise a design to add your own personal flair to your security screens.

Why stop at your front door? Decoview can also use the same unique system to fitout the rest of your house. Patio sliding doors, windows, privacy screens, basically anywhere you want a screen or security.

Features:

Australian Made

Decoview is proudly Australian owned, made and manufactured. We like to keep local jobs and contribute to Australia's economy.

Intruder Proof

One of the market's strongest security doors with our patented clip system, riveted fastening and 3mm aluminium sheet construction.

Corrosion Free

Superior pre-treatment of metals before assembly means lowest risk of corrosion of any security screen.

Patented

Decoview's innovative patented clip fit extrusion system is incredibly strong and allows a range of panel thicknesses.

Triple Lock Option

Decoview security screens are available with a triple lock kit option for added security. You can rest assured with Decoview.

Colour Choices

Decoview security screens come in a huge spectrum of colours, which are specially formulated to withstand the harsh Australian conditions.

Stunning Designs

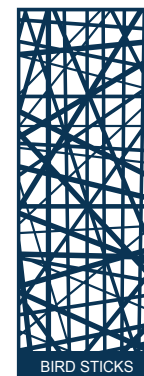

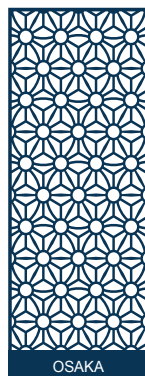

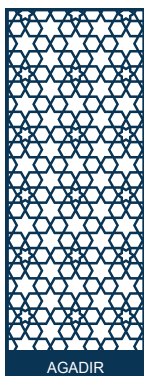

Transform your entry into an architectural artwork. With an ever expanding range there will be something to suit everyone.

Flyscreen

Say goodbye to insects and bugs! Every Decoview door comes with fibreglass fly mesh as standard.
